Project Description

Now all sold!

English Cities Fund - a joint venture between Muse Developments, Legal & General Property and the Homes and Communities Agency - is developing the wider Salford Central scheme. Following on from the award-winning Timekeepers Square and Vimto Gardens developments, which are now fully sold out, the next phase of development introduces:

CARPINO PLACE

... a new development of just 22 luxury townhouses

Key points

This development of 3 and 4 bedroom townhouses is in a unique location - just moments from the big city buzz of Manchester but located within a private courtyard. All houses boast outdoor spaces such as roof terraces and patio areas.

Features

Situated off Oldfield Road, all homes feature stunning high quality fixtures and fittings and have car parking. All homes will benefit from outdoor spaces which include roof terraces, gardens and patio areas.
