Features

A family affair!

Photo of the first residents at the Residence Lakeside It's a family affair for the first residents at The Residence Lakeside, as mother and daughter, Angela Booth and Claire Churchill, and grandson, Alfie aged 6, move into their new home and enjoy life by the lake at this sought-after new neighbourhood.

Assessment officer Angela and daughter Claire were impressed with the high quality of homes at Muse's Doncaster town centre development, The Gables, having visited the home of Angela's son Chris, who purchased a two bed property in March 2015. The duo were looking to buy a home they could in live together, along with Alfie,

and jumped at the chance to purchase a family home at Muse's second Doncaster development, The Residence, which launched in June.

Choosing one of the three bed 'Lysander' homes at The Residence, Angela, Claire and Alfie are benefiting from open plan living, a separate kitchen diner, family bathroom, en-suite and downstairs WC in their new home together, the first time they have all bought and lived together as a family.

"We love that the house, and whole development, is so close to the lake which is brilliant for walks and getting out and about. Our home is big enough to give us plenty of room to live together whilst also having our own space."

Using the government-backed equity loan scheme, Help to Buy, Angela and Claire were able to secure their new home with just a 5% deposit, working with the on-site team to move things along as smoothly as possible.

The Residence features 51 charming homes nestled by the lake in a neighbourhood that offers five styles of 2, 3 and 4 bed homes. There is just one two bed home available now, for £152,950. Three bed properties start at £184,500, 4 beds from £229,950.
